

PLANNING AHEAD TODAY FOR A COMFORTABLE TOMORROW

In preparing for your retirement,
you should ask yourself the following questions:

- * Do I understand all of the options in my pension plan?
- * Do I know the value of my pension plan?
- * Have I compared the Original Plan and the Investment Plan?
- * Do I understand how the retirement option I choose can have long-term consequences on my retirement income?
- * Do I understand how to utilize qualified dollars (i.e. Deferred Compensation) to supplement my retirement income without IRS penalties?
- * Do I know how to protect my family and funds from unnecessary probate costs?
